

# ECONOMIC DEVELOPMENT INCENTIVES

The City of Gainesville, Texas is committed to the promotion of high quality development in all parts of the City, and to an ongoing improvement in the quality of life for its citizens. Due to this objective, the City of Gainesville will, on a case by case basis, consider providing tax abatements as a stimulus for development in Gainesville. As policy, any abatement consideration for a development will be provided in accordance with the procedures and criteria of the City’s Tax Abatement Guidelines. No tax abatements started in FY 2017. At the end of FY 2017, the City had three active tax abatement agreements.

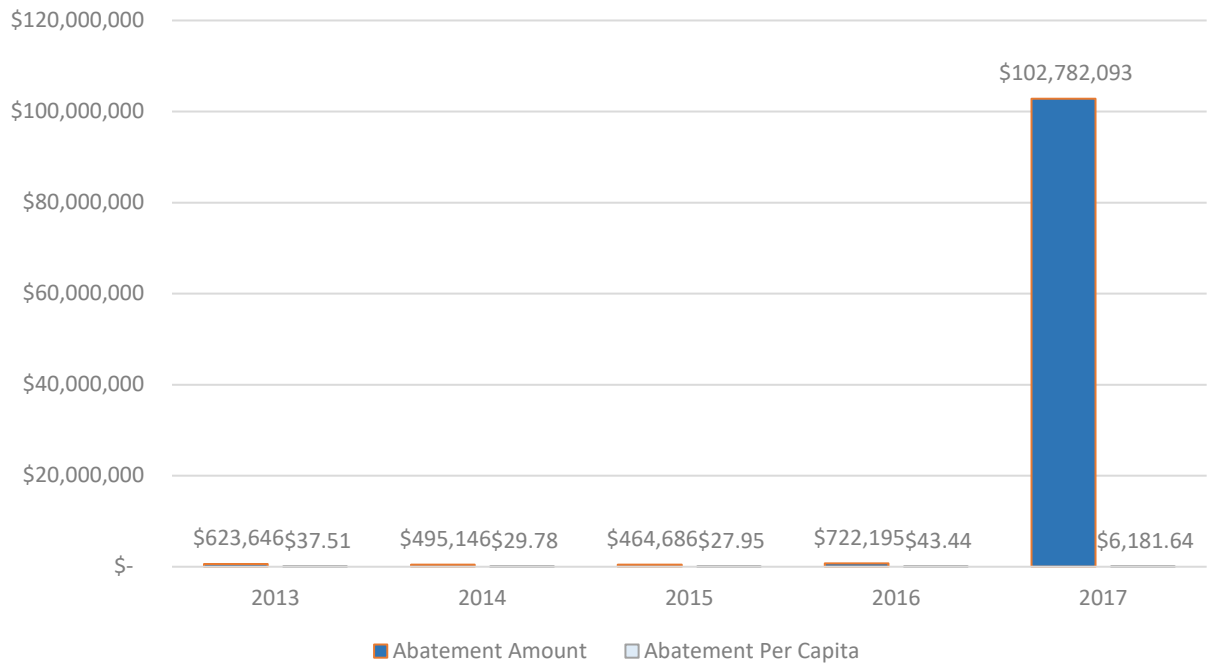

The City of Gainesville and Gainesville Economic Development Corporation (GEDC) policy is to encourage new investment and business development through the utilization of tax grants, performance-based job creation grants, and other redevelopment grants, as authorized by Chapter 380, 501, 504, and 505 of the Texas Local Government Code.

The City and GEDC have 21 active economic development agreements, which have helped to create or retain nearly 350 jobs in the City in FY 2017. For more details on economic development incentives provided by Gainesville and the GEDC please see the City of Gainesville Economic Development Active Incentives table.

Tax abatements will reflect as “granted” when abatement period begins.

### Abated Amount Total and Abated Per Capita FY 2013-2017

**City of Gainesville Economic Development Active Incentives**

Company	Location	Investment/Improvement Summary	Total Estimated Investment	Start	End	Estimated Value of Incentive	Funding Source
